INTRODUCTORY

We all know that Education has a very important place in growth and development of a society, nation and the whole human race. With the current emphasis towards 'Right to Education', the necessity is far more emphasised. With the changing times the issues, perspectives and challenges towards inculcation of Education with quality to all have also seen new milestones. The advent of technology in all spheres of life has also placed an impact on the field of Education. Learning difficulties (at any level), Problems and prospects in different subjects, the advent of various innovations in teaching learning etc have also posed challenges in the process of acquisition of wholesome education. In a bit to enlighten ourselves on this aspect Government Training College, Hooghly is organizing International Seminar on "Education for All: Issues, Challenges and Perspectives".
